PURCHASE ORDER: The clauses contained in this document, its attachments and the general terms and conditions (if attached) supersede and prevail over any prior agreements, oral or written in any form, that occurred between the parties (Client / Contractor - Supplier).

TITLE AND RISK OF LOSS: Unless otherwise specified in the Purchase Order, the title of ownership of the Product shall pass to Purchaser upon payment by Purchaser of any part of the purchase price or upon delivery to Site, whichever is earlier. However, the Product shall remain at Vendor's risk until delivered as per Incoterms. When under this provision property in Product or part thereof is deemed to pass to Purchaser before delivery to Site, Vendor shall, where practicable, affix thereto a label stating that the said Product or part thereof is the property of Purchaser. Vendor shall not permit the creation of, and shall promptly discharge, any lien, charge or other encumbrance in respect of the Product and shall not enter into any obligation that shall prevent property passing to Purchaser with clean title in accordance with the foregoing. Passage of title shall not relieve Vendor of any of its obligations or liabilities and shall not constitute any acceptance by Purchaser or a waiver of any rights or remedies available to Purchaser.

BILLING AND PAYMENT: Invoices relevant to Purchase Orders will be sent in electronic format to invoice@fisvi.com or, in case of difficulty, sent in paper form to the address stated in the Purchase Order. The two forms of delivery are to be considered alternatively to avoid double documents. Such invoices shall not be issued before the date of delivery of related goods and / or performance of the services requested, and will refer to the Purchase Order number, the transport documents and certifications, and will indicate in the same sequence products, works or services listed there. In case of deliveries, the invoice must indicate if the same is partial or complete. In any case, F.I.S. Fabbrica Italiana Sintetici S.p.A. shall have the right to reject the goods or invoices in the case of non-compliance with these rules and all costs and expenses will be borne by the Supplier. Each invoice must indicate our reference, as stated on our purchase order, otherwise the invoice will be rejected.

SHIPPING DOCUMENTS: transport documents and all documents attached thereto, submitted at the delivery must indicate the Purchase order number, the product code (if assigned), its description and quantity of the product they refer to. In case of partial delivery, it must be indicated if so; in the case of replacement of defective products, the details of the transport document issued by F.I.S. Fabbrica Italiana Sintetici S.p.A. must be mentioned. The Supplier is obliged to inform the Purchasing Department, with as much notice as possible to the requested delivery date, any discrepancy between the quantity expressly stated in the Purchase Order, and the quantity that will actually be delivered. Failure of Supplier to notify the Purchaser will result in a formalization of non-compliance to the Supplier, and will have a negative impact on the quality rating of the Supplier.

NON-TRANSFERABILITY OF CREDIT: the transferability of all credits due to the supplier is not allowed, with the consequent responsibility of the supplier to the buyer, for any breach of the aforesaid agreed. Any possibility for the supplier to transfer our debts to third parties is also not allowed, unless explicitly approved in written by FIS (Fabbrica Italiana Sintetici S.p.A.).

BANK GUARANTEE: In the event that a bank guarantee agreement is in place between the parties, it should be communicated from your bank to our bank by a SWIFT code as follows: IBAN IT73F 03069 60538 100000001462

- SWIFT BCITITMM, INTESA SANPAOLO.

GOVERNING LAW AND DISPUTE: this Agreement and all actions contemplated hereby shall be governed by, construed, interpreted, and enforced in accordance with laws of the Republic of Italy. The Court of Vicenza, Italy or of Venice, Italy shall have the sole and exclusive jurisdiction over all disputes in any way related to and concerning this Agreement, including but not limited to its validity, interpretation, execution and termination.

Requirements to be met:

1) Mechanical Systems: Where applicable and when requested, without prejudice to other mandatory regulations, the following must be provided:

-PED (Pressure Equipment Directive) declarations

-Confirmation of correct installation and operation in accordance with PIN 2.4
